DIVYESH PARMAR, GUJARAT FORENSIC SCIENCES UNIVERCITY, INDIA

About the organization

All the information in this case study was provided by Gujarat Forensic Sciences University. It is the first university in the world solely dedicated to forensic and investigative science. Divesh Parmar is a member of staff at GFSU who uses Evidence Center to investigate computer crime.

The business challenges that led Gujarat Forensic Sciences University to evaluate and use Belkasoft Evidence Center:

- Various data sources in one case (mobile, computer, cloud)
- Looking for easy-to-use tool which doesn't require time-consuming trainings
- Analyzing wide spectra of applications

> " *Belkasoft software is amazing for backup and analysis of the data* "

About the case

Divyesg Parmar finds the following BEC viewers the most useful in solving cases:

- Case explorer
- Dashboard
- SQLite viewer
- Plist viewer
- Google/OpenStreet maps
- File System Explorer

Divyesg has experienced the following benefits when using Belkasoft products:

- More evidence from deleted and destroyed data
- Mobile, hard drives and cloud acquisition
- Social graph and communities detection
- Fast data extraction
- Comprehensive Live RAM Analysis

General impression

"Belkasoft software is an amazing software for backup and analysis of the data. It's really more useful than other data recovery software . Thank you Belkasoft."
