

## DAVID MARTIN-WOODGATE, LINEAL CYBER LIMITED, UK

### About the organization

All the information in this case study was generously provided by the Director of cyber security and digital forensics at Lineal Cyber Limited located in London. David Martin-Woodgate investigates child exploitation, computer crime, homicide and industrial espionage.

The business challenges that led Lineal Cyber Limited to evaluate and use Belkasoft Evidence Center:

- Delivering results in time
- Finding all relevant data
- Analyzing wide spectra of applications
- Looking for cost-effective solution
- Various data sources in one case (mobile, computer, cloud)

“

*The application was easy to install and operate*

”

### About the case

Lineal Cyber Limited finds the following BEC viewers the most useful in solving cases:

- Dashboard
- Task manager
- SQLite viewer
- File System Explorer
- Bookmarks
- Timeline

Lineal Cyber Limited has experienced the following benefits when using Belkasoft products:

- Simple User Interface
- Mobile, hard drives and cloud acquisition
- Amount of artifacts and data types supported out of the box
- Fast data extraction

### General impression

“The application was easy to install and operate. The information is displayed within an easy to run view, out of the box. Therefore, we were able to get up and running with ease over other products we have purchased previously.”
